

Form I – Request for payment of financial assistance

Energy efficiency plan: appliance programs for Major Industry Customers

* Mandatory fields

This form is designed to request financial assistance toward the purchase and installation of high efficiency appliances, including the following:

- Condensing boiler (PE210)
- Intermediate efficiency boiler (PE202)
- Infrared (PE215)
- Condensing unit heater (PE225)

Appliances eligible

The acquisition of these technologies may make you eligible for financial assistance, depending on the terms and conditions¹ of each Program. To receive financial assistance, the person making the request must respect the conditions of the Program, as approved and modified from time to time by the Régie de l'énergie. The Program may end without prior notice, should the Régie de l'énergie cancel it, or modify it to such an extent that Énergir is no longer authorized to grant the financial assistance indicated herein.²

Section 1 – Customer identification

Address of installation covered by the Program and customer identification

* Name of company or institution:

* Énergir account number:³

* Québec enterprise number (NEQ) (enterprise register):

* Service address:

* Municipality: * Postal code:

* Postal address:

* Municipality: * Postal code:

* Resource person: * Title:

* Telephone number of resource person:

* E-mail of resource person:

Section 2 – Information on equipment installed and financial assistance requested

In consideration of the customer's investment in the purchase and installation of the equipment, provided that the terms and conditions of the Program have been respected, Énergir undertakes to make a financial contribution to the customer, according to the terms and conditions indicated herein, to help the customer defray part of the cost of purchasing and installing the equipment. The customer undertakes to install, or to have installed, the equipment described.

Table 1 – Appliance(s) covered by request for financial assistance

Type of appliance	EEF Program No.	Brand	Model	Btu/h	EEP Financial Assistance	Type of installation ⁴

Information on the plumbing contractor

* Name in full:

* Postal address:

The financial assistance indicated in the above table may be adjusted downward on the discretion of Énergir, if applicable, depending on the actual cost of purchase and installation. The financial contribution may not exceed the actual cost of purchase.

¹ The terms and conditions applicable to the programs are available on the Énergir Internet site.

² Énergir undertakes to process all requests submitted within a time frame it judges reasonable.

³ Submit a separate request for financial assistance for each Énergir account number.

⁴ Legend: (1) Addition of a new appliance, (2) Conversion, (3) Replacement

Form I – Request for payment of financial assistance

Energy efficiency plan: appliance programs for Major Industry Customers

* Mandatory fields

Section 3 – Payment of financial assistance

I, the undersigned declare that the work to install the appliances
Customer
described in Table 1 will be carried out in a complete and satisfactory manner.⁵

The financial assistance should be sent to: Service address, or Postal address

In order to receive the financial assistance, I will submit the following documents:

- All invoices showing the make and model, the cost of purchasing and installing the appliance(s) covered by the financial assistance;
- An invoice from the customer to Énergir claiming the amount of the financial assistance to be paid, including taxes (GST and PST), and indicating the address where the work was carried out.
Note: The invoice must show the customer's GST and PST registration numbers.

* I have read, I understand and I accept the terms and conditions of the Program

* Name of company:

* Name of resource person:

* Date:

day/month/year

.....
⁵ Payment of the financial assistance should not be interpreted as a guarantee to the customer in regard to the appliance or its installation, nor of any other acquiescence as to its compliance or safety: that responsibility is incumbent on the manufacturer, the seller and/or installer of the appliance. The work to install the appliance must have been carried out in compliance with the laws, codes and standards in effect and to the entire satisfaction of Énergir.
