

Form III – Summary of Monitoring Report on Persistence of Recommissioning Measures

Recommissioning of Building Mechanical Systems Grant

To be submitted with report on monitoring persistence of measures

* Mandatory fields

Énergir File No.

PE226 No.

Monitoring Report

No.

from

day / month / year

to

day / month / year

Section 1 – Summary of results

Adjustment: Specify how the data presented have been adjusted or normalized (list recurring and non-recurring factors)

Section 2 – Description of verification methodology used

a) Persistence of measures implemented (e.g. visual inspection, readings from control points, other ...)

Form III – Summary of Monitoring Report on Persistence of Recommissioning Measures

Recommissioning of Building Mechanical Systems Grant

* Mandatory fields

b) Persistence of energy savings (e.g. billing analysis, metering, monitoring of key indicators, other ...)

Section 3 – Results of energy savings

Description of measure or scenario <small>(See tab 4 – Final measures from Form 1)</small>		Baseline annual consumption before measure implementation			Energy savings expected when requesting grant <small>(See tab 4 – Final measures from Form 1)</small>			Savings recorded for period <small>(see report on measure persistence tracking)</small>			Difference	DATECH
No.	Description of measure	Electricity (kWh)	Natural gas (m³)	Total (GJ)	Electricity (kWh)	Natural gas (m³)	Total (GJ)	Electricity (kWh)	Natural gas (m³)	Total (GJ)	(%)	
Total:												

Form III – Summary of Monitoring Report on Persistence of Recommissioning Measures

Recommissioning of Building Mechanical Systems Grant

* Mandatory fields

Section 4 – Explanation of differences between savings expected and savings recorded

Section 5 – Recommendations to ensure persistence of measures implemented and persistence of savings expected

Section 6 – Impact of corrective action proposed on energy savings and persistence strategy

Form III – Summary of Monitoring Report on Persistence of Recommissioning Measures

Recommissioning of Building Mechanical Systems Grant

* Mandatory fields

Section 7 – Conclusion and other pertinent comments

Customer representative

* Name of contact person:

* Title:

* Signature:

* Signed on:

day / month / year

Authorized agent for the project

* Name of authorized agent:

* Name of agent's company:

OIQ No.:

* Date:

day / month / year
